Abstract [Insert a concise abstract summarizing the purpose, methods, principal results, and implications of the study.]

Keywords [Keyword 1; Keyword 2; Keyword 3; Keyword 4; Keyword 5]

1 Introduction

[Insert manuscript text.]

2 Background

[Insert manuscript text.]

2.1 Example Subsection

[Insert manuscript text.]

3 Methodology

[Insert manuscript text and equations.]

[Insert equation here]

4 Theoretical Results

Theorem 4.1. [State theorem.]

Proof. [Insert proof.] □

5 Numerical Studies

[Describe simulations and/or empirical application.]

Table 1. [Table title]

Column 1	Column 2	Column 3
[value]	[value]	[value]
[value]	[value]	[value]

Note. [Table notes.]

6 Discussion

[Insert discussion.]

7 Conclusions

[Insert conclusions.]

Acknowledgments

[Optional acknowledgments.]

Funding

[State funding source or: This research received no external funding.]

Conflict of Interest

[State any conflicts or: The author(s) declare no conflict of interest.]

Data Availability

[State where data and supporting materials may be obtained.]

A Appendix

[Optional appendix material.]

References

[Insert references using the ADA reference style.]
